3.1. In case of subscribing to "Vega Smart" tariff plan:

i. The 20 TV channels defined in Table 6 of these conditions are included in the "Vega Smart" tariff plan.

If the Subscriber within the terms defined in 3.1. i clause, receives 20 TV channels and changes the tariff/tariff package by switching to any tariff of the "Trio" service package, any tariff of the "Duo" service package or any tariff of the "Smart" tariff package, then he continues to use the 20 channels, regardless of the new tariff/tariff package monthly fee.

<sup>1</sup> The channels of "Vega Smart" tariff plan are not fixed, they can be changed by the Operator at any time.

<sup>2</sup> If any additional service is available, it is possible to activate the additional service within the given tariff plan by paying the set monthly fee.

<sup>3</sup> The activation fee is not intended for all the Subscribers who at the same subscriber address are subscribed or in parallel with the "Smart TV" Service are connected to "GNC-ALFA" CJSC retail market (GPON technology) "Broadband Internet" service or package of services. If the Subscriber has already been charged an activation fee within the framework of the "Smart TV" Service, then at the same Subscriber address, in addition to the existing Service, no fee is charged for the activation of the new "Smart TV" Service. If the Subscriber subscribes to the same "Smart TV" Service more than once, not connecting to the Broadband Internet Service or any of the Services package, the Subscriber is charged a one-time fee for all Services of Smart TV. In all cases, the subscriber may be charged a maximum of one activation fee for the "Smart TV" service at the same Subscriber Address, regardless of the number of "Smart TV" Services being activated.
